#### 1. Recording

- Indicate your interest for the event « R&D dating for animal health and innovation” (Please note that, registering for this event opens up access to all of Biofit)

• [The partnering system](#): BioFIT's business convention is the right balance of networking and gives you the opportunity to meet your tomorrow business and research partners thanks to qualified and pre-screened one-to-one meetings with professionals in the field of Life Sciences.

• [The conferences and round tables](#): Combining 3 aspects spread on 3 parallel tracks, general thoughts bringing an overview and discussion of the topics to learn about the latest trends and explore hands-on approaches to tech transfer and open innovation.

• [The exhibition](#): The Exhibition part of BioFIT constitutes a major opportunity to meet during 48 hours on a dedicated booth, the main decision makers: Licensing, Scouting or External R&D Responsible, CEO, VP, Business Developer, etc..

• [The BioParty](#): An evening reception to continue networking in a relaxed atmosphere.

• [The hosted events and workshops](#) organized during BioFIT 2015.

• [The lunches & coffee breaks](#)

When invoiced, VAT will be added as applicable. Please check the fees table on top of the page and select the appropriate category.

\* If you selected the emerging company rate, please note that you must send an official document to justify the creation date of your company to Anais Schoreel [aschoreel@eurasante.com](mailto:aschoreel@eurasante.com)

Select your event\*

Registration type\*

If you benefit from a discount, please fill in with the code that the BioFIT team provided you

Promotional code

- Indicate in the field “promotional code”: You can benefit from 25% off the regular/BioFIT price (indicate the code **25mbr\_SIMV\_BF15**). This provide access to the platform to search for teams and manage meetings. Coffee breaks and lunches on December 1st and 2nd are included.

- If you wish to register other people from your company, you have two options:
  - The persons who come with you do not wish any access to the platform and do not wish to manage any meeting by themselves. Nevertheless, they can be by your side during every meetings. In that case, this person can register on its own by indicating the promotional code: **VIS\_mbrSIMV\_BF15** (250 Euros: this includes lunches and coffee breaks during the two days).
  - The persons who come with you wish to have their own profile to meet teams in parallel of you: please mention the name of these persons during your own registration in the field "Comments ". Once your registration is validated, these persons can register by indicating the promotional code: **25mbr\_SIMV\_BF15**: 25% off the regular price and is valid anytime.

In the case these persons register after your registration has been validated, mention in there registration form that other people from the company are already registered.

## 2. Create your profile

Your registration will be validated under approximately 24 hours. You will receive confirmation of your ID and password to create your own profile and the profile of your company. BioFIT will further contact you for the payment.

## 3. Look for any information

A website dedicated to the event is online: <http://rdd.simv.org>

Find all the information related to the event. The public teams and the list of the companies who will attend the event will be implemented as one goes along, so that you can check the global research offer before the platform is opened.

## 4. Search for teams and take appointments

Approximately 1 month before the event, you will be warned by e-mail that the platform is opened. You will be able to start looking for teams with keywords. You can send request for meetings (wait for their validation by the team), receive requests for meetings (and accept or refuse them). Via this platform, you can manage your schedule until the day of the event (and make yourself unavailable if you wish to participate to one or several conferences).
